District Judge, Williamson County, Texas

Affidavit for Evidentiary Search Warrant

THE STATE OF TEXAS

COUNTY OF WILLIAMSON

The undersigned Affiant, being a Peace Officer under the laws of Texas, and being duly sworn, on oath makes the following statements and accusations:

1. There is in Williamson County, Texas, a suspected place and premises described and located as follows:

An airplane hanger located at the Georgetown Municipal Airport at 500 Terminal Drive, Georgetown, Williamson County, Texas. The particular hanger has the numbers I-15 in black letters on the door of the hanger.

2. There is at said suspected place and premises property concealed and kept in violation of the laws of Texas and described as follows:

An automobile containing a letter addressed to the Internal Revenue Service, a 55 gallon drum, assorted plastic containers, cabinets, and boxes.

3. Said suspected place and premises are in charge of and controlled by each of the following persons:

Andrew Joseph Stack, aka Joe Stack

4. It is the belief of affiant, and he hereby charges and accuses, that:

The offense of Aggravated Assault on a Public Servant has been committed on February 18, 2010 by Andrew Joseph Stack, aka Joe Stack, in Austin, Travis County, Texas.

5. Affiant has probable cause for said belief by reason of the following facts:

Affiant, W. J. Pascoe, Jr., is a peace officer who is currently employed at the Georgetown Police Department. Affiant has been a licensed peace officer for 27 years and is currently assigned to the Criminal Investigations Division ~~division~~ as a Sgt. Detective. *WJP*

On February 18, 2010, at approximately 9:56 a.m., a small aircraft crashed into the Echelon Building located at 9430 Research Blvd. in Austin, Travis County, Texas. During the investigation, federal officials and the Austin Police Department began looking into the ownership and origin of the crashed airplane. Affiant has received information from FBI agent Johnathon M. Tapp, and learned that the aircraft was owned by Andrew Joseph Stack and kept housed at a hanger located at the Georgetown Municipal Airport in Georgetown, Williamson County, Texas. Affiant has communicated with the airport manager, Travis McLain, who advised that the hanger was

leased to an individual who then subleased the hanger to Joe Stack, aka Andrew Joseph Stack.

Affiant met FBI agent Tapp and other law enforcement agents at the airport. Affiant has learned from Sgt. Witcher of GPD who communicated with the control tower that an airplane departed from Georgetown Airport at 9:43 a.m. and confirmed that the tail number of the crashed plane was the one which had left Georgetown Airport. Joe Stack owns the plane. Affiant has spoken to John Podolak, the person who has sublet the hanger numbered I-15 to Joe Stack, and confirmed that Stack used the hanger for the last five-six years and was still currently leasing it from him.

Affiant has learned during the investigation that Joe Stack was upset at the Internal Revenue Service, and that the Internal Revenue Service had offices in the building that the plane crashed into. Kevin Bartles with the Austin Police Department was allowed into the hanger by the airport manager and viewed an automobile which has been identified as belonging to Joe Stack. He also observed a 55 gallon drum, cabinets and plastic containers, and other assorted items. The Austin Police Department's bomb squad was called and is currently trying to determine whether the 55 gallon drum contains explosives or otherwise hazardous materials. Bartles also told Affiant that he observed an envelope in the automobile that was addressed to the Internal Revenue Service.

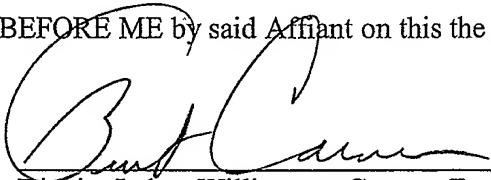

Affiant has also seen information believed to have been written by Stack which indicates that Stack was extremely upset with the IRS.

Affiant knows based upon his experience and training that written communications left by an individual who would carry out such an act may contain information relevant to the investigation, or possibly information about plans, other individuals, or information relevant to the security of our citizens.

WHEREFORE, Affiant asks for issuance of a warrant that will authorize him to search said suspected place and premises for said property and seize the same.

Affiant

SUBSCRIBED AND SWORN TO BEFORE ME by said Affiant on this the 18th
day of February, 20 10.

Greetings to all. My name is [REDACTED] and I am still unsettled about the tragic loss of life and the terrible effect it will have on every one involved. Mr Stack had many issues that effected his life for many years. The drama he suffered with the US Government real. A battle against the hallways of the US Government can be life threatening. I have observed the constant comments about what caused him to snap, what avenues had he exhausted before he made the final decision to strike back and most of all what led to this state of mind. I solicit your consideration for a profile interview that will enable you to investigate the problems many Americans suffer at the hands of our own Government. I have been on Soc Sec Disability since 2002. I am Eligible and Entitled to both OPM and SS benefits. My entitlement checks should be equal in amount. \$1,763.81 per month. Because of the Government Pension Offset I only receive \$304.00 that nets to 25.00 after deductions. My life is full of stress because The US Dept of EDUCATION and IRS threaten my leftovers with penalty deductions every month. (I have documentation). Please contact me at [REDACTED]

(U)Over a telephonic interview, [REDACTED] (source) stated that he was on his way to work northbound on Mopac Blvd. at aprox. 10am when he noted a small single engine airplane flying unusually low to the ground. As he began to merge over th his exit off Mopac, he noted the airplane to bank hard right and crash into the building. [REDACTED] stated that the plane banked so hard right that the bottom of the plane was visible from his rear mirror. He then observed a huge fireball and saw glass scatter out from the building. He then observed a large cloud of smoke billowing out from the top of the building.

(U [REDACTED] source) stated he witnessed the single engine airplane crash into the building near Mopac in Austin, Texas. [REDACTED] stated he was on the roadway near the flyover at Mopac and US 183 when he observed a white single engine aircraft flying very low to the ground. He then observed the plane conduct a descending bank and a very high rate of speed. He stated the pilot looked to be experienced in flying due to the maneuver the plane conducted prior to hitting the building. The plane leveled out just seconds prior to slamming into the side of the building. [REDACTED] stated he did not note the plane to be out of control and the maneuver performed was very deliberate. [REDACTED] stated when he first saw the plane he thought it was a small model plane with box or square wings. [REDACTED] (FBI - San Antonio at FBI San Antonio JOC) - 02/18/2010 06:59 PM EDT]

(U) [REDACTED] telephoned the Anchorage FBI at approximately 11:15 AM on 02/18/2010 to report possible threats observed while he was moderating a chat-room last night between the hours of 12:00 (midnight) and 2:00 AM Alaska time. [REDACTED] is one of the chat-room moderators for justin-tv.com. Justin TV has a Fox News Live Channel USA feed, and an area to create a tea party chat room on the side. [REDACTED] reported the web address of the chat room is http://www.justin.tv/[REDACTED] was not certain of the last character, either an I or a 1)

While moderating the chat room, possibly around 1 am Alaska time on 2/18/2010 [REDACTED] observed abnormal chatter by one of the persons in the room. [REDACTED] reported the person stating things like: would someone be a hero if they took out a Federal building without causing peripheral damage, without collateral damage to bystanders? If someone took out a Federal building like McVey, would they be considered a hero? [REDACTED] stated that the chatter seemed to be labeling someone who took out a Federal building as a hero. [REDACTED] was concerned about this chatter as the tea party is intended to be a peaceful setting. [REDACTED] stated that type of chatter is not normal. [REDACTED] described the chatter as "something different about him, sounded deliberate, not normal." As moderator [REDACTED] banned the person making the statements from the chat room. [REDACTED] reviewed the person's profile which listed them to be from Austin, TX.

[REDACTED] was not able to recall the person's screen ID or any other identifying information. [REDACTED] tried to pull up the site to see if there was any additional information he could provide, and he was not able to locate any record. [REDACTED] advised that he is not sure if the chat log(s) are saved by the owner of the chat site. [REDACTED] advised the site is run from two servers in New Jersey.

[REDACTED] recalled that at least two other persons were in the chat room during his time moderating last night/morning. The screen names of the other chatters are [REDACTED] and [REDACTED] screen name is [REDACTED]

Title: A. JOSEPH STACK III;
ASSAULT ON A FEDERAL OFFICER;
TECHNICAL SUPPORT TO VC PROGRAM

Synopsis: To close captioned Cyber support investigation.

Details: On 02/18/2010, at 9:56am, the captioned subject crashed an aircraft into 9300 Research Blvd. in Austin, Texas. The building housed the Internal Revenue Service and was immediately adjacent to the Austin Residence Agency of the San Antonio Division FBI office. STACK was formerly employed at DAC Incorporated, an aviation company, located at 6702 McNeil Rd. in Austin, Texas.

Public database search for the subject revealed a self-proclaimed "rant" which condemned the U.S. Government's treatment of it's citizens and specifically alleged unfair taxation and tax laws. In this "rant", the subject also listed the date of his death as 02/18/2010. The subject's residence was burned earlier on the morning of the crash. A search of the subject's vehicle which was left at the airport, revealed there was a 50 gallon drum holding explosive materials.

In order to collect and analyze the digital evidence that exists for this investigation, C-4/ARA opened captioned cyber support investigation.

C-4 Agents assisted the Case Agent by conducting multiple interviews of service providers, issuing multiple

(U)Complainant (C) called and stated that she met Joe Stack 5-6 years ago when he was dating C's acquaintance [REDACTED] LNU. C received a call from [REDACTED] one evening and she told C that Stack had locked her in a closet. C went to the house, which was a different house than the one set on fire yesterday, and the Austin Police were there. Stack claimed that [REDACTED] had attacked him and she was taken into custody. [REDACTED] was very upset and C was appalled at the decision. Since that time, C has seen Stack at a couple of music related parties.

Lead recommended to check with Austin PD for detailed criminal history to include all LEO/911 calls. [REDACTED]

Said Stack was very quiet, not a lot of fun, never hinted at any anti government or angry feelings. Seemed very happy with wife at that time.
